**WBID:** \_\_\_\_\_ 2118 \_\_\_\_\_ **UAA:** \_\_\_\_\_ None \_\_\_\_\_

**County:** \_\_\_\_\_ Washington \_\_\_\_\_

**Reason for contact:**

It was brought to our attention by Tom Ball, a former AmeriCorps volunteer, that we had overlooked comments made in 2005 by Mr. Nickelson.

**Comments:**

As noted in 2005, Mr. Nickelson owns an 800 acre farm along Three Hill Creek that runs from the Big River to Rt 47, pretty much. He cited existing uses as he and his children have swum, waded and fished in nearby Mill Creek for years. The area is also between the Big River and Rt 47. This area is in the Class P segment of the stream, which already has WBCR assigned.
